Toilet/Flushometer Information

Only toilets/flushometers that are on the list of WaterSense labeled products are eligible for a rebate. Go to www.actonwater.com

Manufacturer	Model Name	Model No.	Purchase Date	Purchase Price

Rebate applications must be submitted within 90 days of purchase. Be sure to include the receipt!

Terms and Conditions: Please Read and Sign Below

- Rebates are available to all Acton Water District (AWD) account holders. Applicant must be the owner of the property listed on the rebate application.
- **The rebate offer is on a first-come, first-serve basis until funding is exhausted. Applications must be received within 90 days of purchase. The new toilet must be installed.**
- The rebate is \$100 per toilet/\$75 per flushometer and will appear as a credit on your water bill. AWD reserves the right to limit the number of fixtures eligible for rebate to a customer.
- Old toilets cannot be reused.
- New construction/redevelopment projects do not qualify for rebates.
- The program may be discontinued and/or the rebate dollar amounts may be changed by the Acton Water Commissioners or by the exhaustion of program funding, without further notification to customers possessing outstanding applications.
- Applicant is responsible for verifying that the new toilet/flushometer is an **EPA WaterSense labeled high-efficiency product**. The list of eligible fixtures can be accessed via the District's website at www.actonwater.com
- **Make sure you purchase the exact make and model # indicated on the list.**
- An unaltered dated sales receipt, listing the make and model numbers, **MUST** accompany this application and be submitted by within 90 days of purchase.
- In order to be eligible to participate in the rebate program, applicants must have an account in good standing with the AWD and agree that the AWD or its representative has the right to inspect the installation of the fixture before or after the rebate credit is applied to the applicant's water bill.
- Applicant understands that the Acton Water District may withhold rebate until any or all of the above listed conditions are met.

Applicant agrees and understands that the Acton Water District does not guarantee that the installation of a high efficiency toilet/flushometer will result in water savings, as site-specific water consumption varies. The Acton Water District does not warrant, endorse, or assume liability for the quality, performance, or safety of the contractor and/or retailer or wholesaler, or performance of any appliance or fixture. Applicant agrees to hold harmless the Acton Water District, its commissioners and employees against loss, damage, expense and liability resulting from the loss, destruction or damage to property arising out of or in any way connected with the installation of a toilet/flushometer. I agree that the AWD or its representative has the right to inspect the installation of the fixture before or after the rebate credit is applied to the applicant's water bill.
